Mustering & conscription

This information
applies to those
who turn 18 years
of age in 2025

Hello!

If you receive this brochure, it means you will soon be asked to complete a mustering questionnaire. The brochure contains important information about your duty with regard to Sweden's total defence.

➔ Everyone who lives in Sweden has a duty to contribute to Sweden's total defence from the year in which they turn 16 until they reach 70 years of age. This includes a duty to participate in defending the country.

Mustering and conscription are part of your total defence duty. Conscription is a matter of defending Sweden's long-standing peace, freedom and democracy, thus ensuring that Sweden is and remains an independent country.

In the year you turn 18 years of age, you are required to complete a mustering questionnaire on our website. You will receive a separate letter early in the new year containing login details so that you can access the questionnaire.

Your duty – step by step

1

Mustering questionnaire

In January, you will receive a letter from us containing your login details. **When you receive the letter containing your login details, you have two weeks to log in and answer the questions.** You have an obligation to answer honestly. Failure to respond may result in a fine. You may also face legal sanctions if you fail to answer truthfully.

The mustering questionnaire contains questions about you, your health and your physical condition. We also ask about your attitude to mustering and conscription, although your attitude does not determine whether or not you will be called up. We use the questionnaire answers to assess who will be ordered to muster.

Mustering notification arrives in March.

2

Mustering

You will receive a summons to report for mustering approximately two months before the date on which you must attend. This letter will tell you where you must report to. When you receive the summons, log in at plikverket.se to confirm receipt.

Mustering takes one or two days and involves tests, medical examinations, assessments and interviews. Among those you will meet during mustering are a nurse, a doctor and a psychologist. If you fail to pass one of the stages, you will be excused military service and you may return home. Your results determine whether you meet the requirements for basic military training for conscripts.

Mustering takes place in Stockholm, Gothenburg and Malmö. We cover the cost of travel, food and accommodation.

3

Basic military training for conscripts

If you are conscripted, your basic training will take between 9 and 15 months.

There are many different postings – from chef to combat vehicle driver, minesweeper and mechanic.

Benefits for you, and for Sweden

When you perform your military service, you help Sweden to remain a safe country. You should also be aware of the benefits and rights that come with military service.

→ Right to approved leave from studies

If you are conscripted, you can apply for approved leave from your studies. Your higher education institution must keep your place open so that you can resume your studies after basic training.

→ Daily remuneration

You will receive **SEK 146** per day of military service, which corresponds to a monthly wage of approximately **SEK 4,380** tax-free.

Training bonus

→ On completing your training, you will receive a bonus equivalent to the sum of the daily remuneration you have already received,

i.e. if you have completed nine months of training, you will receive $9 \times 4,380$, which equals a bonus of SEK 39,420.

→ Travel to and from home

The Swedish Armed Forces will cover your travel expenses to and from home during leave.

Free board and lodging

→ You will receive free food and accommodation while you are a conscript.

Paid scholastic aptitude tests

→ The Swedish Armed Forces will bear the cost of two scholastic aptitude tests, if the test days coincide with your basic training.
